If you know your child
will miss school for an
extended period of time,
please reach out to the
office to have work
collected.

NEWS:

Last week, we held the ELA Regents exam. Students will also have the opportunity to take the exam again in June, if they would like to improve their grade. This week is the official start of Semester Two; we are halfway through the year! The National Honor Society is holding its annual carnation sale fundraiser. This week in Science, students in Physics are exploring electricity using a Van De Graaff generator, while students in Plant Ecology and Greenhouse Agriculture are growing microgreens. Ms. Guerriero's and Ms. Barberi's 7th grade co-taught science class made DNA out of Twizzlers and rainbow marshmallows and got to eat them at the end of class! The senior class advisors sent out surveys regarding graduation tickets. If you did not get one, please contact the advisors.
